CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

At the beginning of each academic session, college prepares its proposed academic calendar provided by the University, which is uploaded in the college website. The proposed academic calendar is prepared according to the notices and circulars received from the affiliating university. Students are informed about the academic calendar of the college notifying the probable teaching days, dates of internal examinations, curricular, extension related and co-curricular activities. Orientation program is organized every year for newly admitted students to make them aware of the mechanism for curriculum delivery and implementation. Routine committee of the college prepares the master routine and circulates it to different departments. Routine is prepared by the routine committee for all generic courses, all programs and honours classes of arts departments (since arts departments use shared classrooms). Classes for honours courses of science departments are scheduled by the concerned departments after considering the allotted generic courses and programs of the master routine.

1.1.2 – Certificate/ Diploma Courses introduced during the academic year

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	No
Parents	No

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

The college has designed and developed feedback system for students and teachers. The feedback of students are collected on three parameters viz. Academic, Library and Administration. The students are encouraged to respond to issues regarding the completion of syllabi, communication of teachers, doubt clearance and attention to academically weaker students. Suggestions for development is also sought. The students are encouraged to respond regarding the facilities of library, availability of books, and cooperation of the library staff. The students are also asked about the ease of administrative matters wherein they are encouraged to respond to issues of cleanliness on campus, greenery, basic civic amenities and grievance redressal. The college also gathers feedback from the teachers where they are requested to respond to issues regarding the syllabi, employability of the students after the curriculum, resources and facilities for teaching improvement and program outcome of the syllabi. The teachers are also asked to give their suggestions for curriculum improvement and updating. The feedback system will be added to the college website with unique identifications given to each stake-holder so the processing of the feedback can be managed more efficiently. The feedback system is currently being expanded to parents and alumni and the next feedback cycle and its analysis will be entirely digital and comprehensive.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring of students is conducted by the departments of the institution. Mentoring of students is based on the following objectives: - To increase the teacher-student contact hours - To identify and address the problems faced by slow learners and first generation learners - To encourage advanced learners - To decrease the student drop-out rates - To prepare students for the competitive world Every year, departments individually organize orientation sessions on the class commencement day for students of first Part and explain the designing and implementation of the mentoring system of the department. Departmental teachers. In the mentoring process, all necessary information related to the student such as the contact number, email of the student, family income, category, gender etc are initially collected by the department through the student database format provided by the IQAC, collected at the time of admission for a new session. Departmental teachers maintain interaction with

students through individual meetings, social networking sites and interaction boards of learning management system. Teachers discuss with parents during interactive program and try to identify the problems faced by students and related issues. Teachers suggest students to provide the list of difficult questions and problems faced by them while preparing for competitive examinations and then provide solutions to them. The biggest challenge of the mentoring system is to decrease the drop-out rates of the college due to shifting of students from general courses to technical and medical courses at the beginning of each academic session. College has planned to introduce a mentoring guideline for all departments from the next academic session to address this problem.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

University guidelines are strictly adhered to with respect to evaluation process. The schedules of internal assessments are communicated to students and faculty in the beginning of the academic year through academic calendar which is prepared based on the university academic calendar. Before a week internal exam time table is displayed on the notice board. Questions are framed, such that they adhere to university standard. The subject handling faculty prepares question bank that covers equal number of questions from each unit, covering all the topics. Departmental internal exam coordinator under the guidance of HOD, checks for the standard of the question bank. Internal exam coordinator ensures smooth conduction of test and proper valuation of internal exam. At the end of each academic year examinations are conducted by the affiliating University.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

> Being a constituent unit of Lalit Narayan Mithila University, Darbhanga, the college follows the academic calendar of the university. Academic and exam related matters are guided by the university. The academic calendar provides date of commencement of the academic session, highlighting teaching days, events planned, state government and local holidays. The teaching plan according to faculties is prepared by the individual departments under guidance of the concerned staff council.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. (a) The Title of the Practice: Entrepreneurship Development Initiative. (b). Goal : The aim of this initiative is to promote Entrepreneurship skills among student community and also promote gainful employment opportunities. (c). The Context : Modern day is the day of entrepreneurship. Students after completing their course programmes go in search of employment, but only a few could get employment they prefer or desire. Considering this and keeping in tune with the vision of the Institution, College has devised various Entrepreneurship Development Initiatives so that the students can utilise their talent and skills to make a better living. These students groups from the College level can join together to form their own units and become successful entrepreneurs of tomorrow. (d). The Practice : College has been imparting various programmes for skill development of students. (e). Problems Encountered and Resources required: Funding is a problem for the College. There is time constraint for students to pursue these activities. However faculty and students tries their best to overcome the hurdles and to bring in positive results. Educational institutions can help students develop their skills by merging theory to practice. The students can get a base with the support of faculty and peers. This is to be looked into by the educational institutions. 2. (a) The Title of the Practice- Solid Waste Management. (b) Goal : This practice aims to create awareness among general public on the importance of effective solid waste management and encouraging reuse of nonbiodegradable wastes. (c). The Context : Waste Management is widely discussed in the present day. There are several issues related to in effective management of solid wastes. Keeping this mind an effort was taken create an awareness on the issue to prevent adverse impacts on man and other living organisms. Students and staff collected the plastics and other e-wastes from the college campus and houses and handed over it to various agencies for recycling. Training was given to produce decors and other articles of use from discarded plastics. (d). Evidence of Success : The school management and the teachers have reported they have advised the student community to deposit their food waste into the bio-bins and waste food management was thus effectively carried out in especially those schools where

space is a limiting factor. The plastic and e-wastes that are quite difficult to be managed were collected and distributed to agencies that deal with e-waste management. The skill enhancement course on plastic reuse has enabled the student community to make beautiful products out of worn out plastics thus promoting plastic recycling. (e). Problems Encountered and Resources required: Though a major share of people were interested in effective solid waste management, there are some who neglect the aftermath of inefficient management practices. Hence, creating awareness to those people was a challenge. The residents of apartments were confused as to how the compost can be used as they have no space to carry out organic farming. Though the initiative is a just a beginning, it can bring in remarkable changes especially in an urban locality. An educational institution with a large number of students can play a significant role in preventing unethical waste disposal strategies.
